

Five Years
of Successful Completion
of
**Command & Control
Surveillance System**
in Karachi

Inaugurated by Dr. Ishrat Ul Ebad Khan Governor of Sindh
on 15th of June, 2008,

city wide Command & Control System being used
by Karachi Metropolitan Corporation was timely introduced to use available
updated technology for security measures against criminals and terrorist threats,
to monitor traffic flow, safe guarding the infra-structure and allowing the authorities
the in-time monitoring of
its maintenance works being carried out around the city of Karachi, a project by
GCS(Pvt.) Ltd.

Command and Control System is the first ever city wide surveillance in Pakistan
which stands time-tested with proven results in serving the city in a grand manner.
