Dear Mr. Arif Ali Rajan,

We at CPLC would like to appreciate the performance and efforts of CPLC-CDGK Command and Control Centre towards maintaining the law and order situation in Karachi during the holy month of Moharram-ul-Haram. We would also like to appreciate your esteem efforts in managing the Command and Control Centre in a befitting manner. Command and Control Centre under your able guidance has performed exceptionally well in these days.

We would also like to comment upon the professional capabilities of personnel posted at Command and Control Centre specially Mr. Safdar Abbas, Chief Technical Officer, GCS and his team as without their active support, it would have not been possible for Sindh administration to control the law and order situation during Moharram-ul-Haram in an appropriate manner.

Their support and sense of responsibilities provided / displayed during the entire period was remained exemplary. Their performance, conduct, attitude, devotion, courage and dedication towards accomplishment of duty remained excellent.

With Best Regards,

Yours sincerely,
